SUBCON THAILAND 2027

As global industries transform toward smarter production, Thailand continues to be the strategic heart of regional manufacturing.

SUBCON Thailand 2027 stands proud as ASEAN's Premier Business Matching & Manufacturing Sourcing Platform for Supply Chain Development, purposefully built to connect visionary part makers with lucrative new opportunities across automotive, electronics, electricals, machinery, and high-technology sectors such as aviation, medical equipment, robotics, automation, and digital.

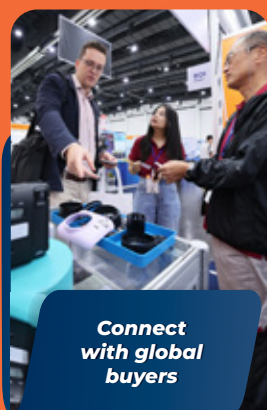

Why SUBCON Thailand?

ASEAN's premier subcontracting & business matching platform

High quality, vetted parts manufacturers and suppliers

Connect with global buyers

Industry led ecosystem & policy support

Innovation showcase & knowledge hub

SUBCON THAILAND

STRATEGIC MATCHMAKING EXCELLENCE

An exclusive platform by the Thailand Board of Investment (BOI) designed to forge powerful connections between premium part makers and global leading buyers across automotive, electronics, electricals, machinery, and high-technology sectors like aviation, medical equipment, robotics, automation, and digital. Through our advanced online platform, exhibitors can seamlessly showcase products, pre-schedule appointments, and confirm targeted meetings to maximize business growth. This exclusive program is available strictly for SUBCON Thailand exhibitors.

PRODUCT OF INTEREST

	Manufacturing Components	74.18%
	Metal Parts, Plastic Parts, Rubber Parts, Electrical & Electronics Components	
	Automation & Smart Manufacturing	14.22%
	Automation & Motion Technology, Mold & Die, Tooling, System Integrator, Jig & Fixture	
	Supply Chain Services	4.93%
	Packaging, Logistics	
	Digital Manufacturing Solutions	4.32%
	Software, Design & Inspection	
	Emerging & High Growth Industries	2.35%
	Medical Devices, Others	

PURPOSE OF VISIT

Matchmaking	31.44%
To place orders	21.26%
To view and recommend to decision maker	19.56%
To evaluate for future participation	15.40%
To view and study new technology	11.04%
Others	1.30%

SUBCON THAILAND HIGHLIGHT FEATURES

EMIDAS MANUFACTURING FAIR

Driving Advanced Thai-Japan
Industrial Synergy

Bridging the finest industrial capabilities, the EMIDAS Manufacturing Fair unites leading innovators from Japan and Thailand under one powerful platform to showcase cutting-edge advancements and high-technology solutions. This premier pavilion serves as a vital gateway to high-value partnerships, strategic cross-border opportunities, and targeted business matching to unlock future commercial growth.

BUYERS' VILLAGE

The Epicenter of Industrial Procurement

Discover high-value opportunities where global leading buyers convene to showcase parts requiring local subcontractors, present clear procurement policies, and connect directly with quality suppliers.

INTERNATIONAL PAVILIONS

Your Gateway to Global Industrial Synergy

Connect directly with world-class innovators and leading manufacturers from key industrial hubs around the globe. The International Pavilion brings together high-precision components, advanced manufacturing solutions, and premium suppliers under one roof.

DRIVING NEXT-GEN MOBILITY

Industry Leadership at BOI Symposium 2026

A premier highlight of Subcon Thailand 2026, the BOI Symposium 2026 X Global Future Mobility Conference unites global powerhouses in partnership with China EV100. Gain exclusive market perspectives from Mr. Narit Therdsteerasukdi, Secretary General of the BOI, alongside top executive leaders from EVAT, BYD, ISUZU, BULLETRUX, Autoliv, and BOSCH.

EXHIBITOR PROFILE

- Manufacturers and Suppliers of Components and Auto parts
- Metal and Plastic Automotive assemblers
- Manufacturers and Supplier of Electrical
- Electronic Components
- Mold Design and Makers
- Fastener Makers
- Automation and Solution Providers
- Software and Surface Treatment
- Industrial Supply & Services
- Government Agency - State Enterprise
- Manufacturers and Suppliers of Components and Aerospace Parts
- Manufacturers and Suppliers of Components and Medical Device Parts
- Manufacturers and Suppliers of Components and Machinery Parts

VISITOR PROFILE

- Business Owner
- Executive
- Engineer
- Technicians / Maintenance
- Procurement
- Production and Plan Design
- Engineer in the sector of Automobile and Auto Parts
- Manufacturing Electrical/ Electronic
- Manufacturing Metal Machine
- Manufacturing Air-Conditioning and Refrigeration
- Manufacturing Industrial & Supply
- Government Agency / State Enterprise
- Manufacturing Aerospace
- Manufacturing Medical Device
